I really love and I feel so blessed. Sometimes I feel regret that I have just gotten to know this school.

Obsessed with being perfect, 22-year-old Noch had lived a lonely life, which was both meaningless and insecure. She preferred her own way, what rather than considering others and compromising her desires. Then she met a group of Christians who welcomed and accepted her, and invited her to go on a trip with them. The members genuinely cared for, and loved one another. These Christians were a truly harmonious group. It was a great excitement that Noch experienced water-baptism along with many others. Now filled with joy, she began taking classes in English, attending church services, and making many Christian friends. Her life has undergone dramatic changes which have greatly influence her relationship with others.

After coming to New Life for a year to join a free English course, this little girl got to know Jesus and was moved by the holy spirit in one of the church conferences, called Young Leaders Conference. She felt so much love and care from God through all the Christians at New Life. She personally felt the overflowing love of God. She can't deny the love of God. Finally, she came to a decision for a baptism with many others in order to start a new life chapter with our Lord, Jesus! Christ.
